

## OneTouch AT G2/10G Controller (Master) -> Remote (End Point) LinkRunner G2 Reflector:

## LinkRunner G2 Reflector Remote (End Point) Configuration:

1. From the LinkRunner G2 Home Screen Tap the menu stack on the upper left.

2. Tap Reflector. Ensure the Packet Type is MAC + NETALLY, and the swap is MAC + IP

- Reflector	
IP Address:	No IP Address
MAC Address:	00:c0:17:c5:01:48
Packet Type:	MAC+ NETALLY
Swap:	MAC+IP
	ARTERRAR AND

3. Wait for the LinkRunner G2 to acquire an IP and then Tap the start button on the lower right. Notice the icon will change to the stop symbol.
